

## MY FRIEND MISS FLINT

January 2023

By Donald Churchill & Peter Yeldham

My Friend Miss Flint. Rarely can we derive any pleasure from even the mention of the tax man, let alone be amused by him, but this is about to change. For once the mention of the tax man won't be taxing!

When Tom Lambert, botanist and TV gardening personality, receives a call from the Inland Revenue enquiring about his public relations consultant Joanna Flint, he can honestly say he has never heard of her. By lunchtime, he knows all about Miss Flint: his accountant and ex-wife confesses she has invented Miss Flint as a tax dodge.

This tricky situation sets the stage for a sparkling comedy.

*We hope you enjoy your evening*
