Role Play

by Alan Ayckbourn

Role Play by Alan Ayckbourn is a laugh out loud play with dark undertones; a vintage dinner-party from hell.....A young well-to-do couple, living in a posh docklands apartment, have planned a civilised occasion where they hope to introduce their respective parents and also announce their engagement. The tense situation escalates with the arrival of two unexpected guests, a feisty lap-dancing gangster's moll and her burly gun-toting minder. What her parents (a bigoted northern stereotype and his dim twittering wife) and his mother (a toy-boy chasing lush) find when they arrive reveals that the bourgeois guests, under their respective veneers, are far more frightening than the gate crashers.
